A San Francisco Plantation Wedding

*I*magine your special day with a National Historic Landmark as the backdrop. San Francisco Plantation began its legacy over 150 year ago into becoming the perfect setting for your upcoming wedding and / or reception. We know you will cherish your wedding day by sharing this romantic location with your family and friends.

Plan your event just the way your want it. Have your ceremony under the majestic oaks as you walk the bridal garden path then down the isle leading to the gazebo. After the ceremony, you will take wedding photos on the beautiful grounds surrounded by fountains, lush gardens, and star lit trees and on the breathtaking gallery of the plantation home.

The Sugar Mill Pavilion anxiously awaits you and your guests. This 6000 sq. ft. historic building allows for a glorious presentation that your guests are sure to admire. The pavilion also provides a stage for bands or D.J.'s, and plenty of floor space for you and your guests to "dance the night away!"

We look forward to providing the romantic and memorable setting of your wedding that you have dreamed of. Please call at the below mentioned number to schedule an appointment, tour our historical home and grounds, and speak to one of our coordinators to start the planning of your special ceremony. Let us set you on the path to a lifetime of memories.
